The Barn

The Barn has been beautifully restored in a contemporary style to provide you with the ultimate blank canvas to create your unique and dream wedding celebration. This seamless renovation makes a versatile setting for wedding ceremonies large and small.

The Ground floor is purposely designed to accommodate delightful winter wedding ceremonies or for those days when the weather is less kind. The fully glazed frontage provides views across the gardens bringing the barn to life. It is perfect for reception drinks, evening music and dancing too. Suitable for up to 140 day guests and 240 evening guests, it's a wonderful space for a memorable party.

If you are looking for a more intimate occasion, then "The Croft" on the upper level of the barn is the perfect ceremony location. Suitable for 80 guests.

Viewing Platform

If you and your guests want to take a few minutes out to soak up the atmosphere or reflect on the day then our viewing platform is an amazing break out area. With magnificent views across the gardens, it gives you time to relax and maybe enjoy the perfect sunset too.

Tipi's

Our ultimate unique offering for all brides, grooms and their guests. If you are looking for something different, something to make your wedding stand out from the crowd, then this is the venue for you. Connected to our barn are two interlinked tipi's to add that wow factor to your wedding. Romantic fairy lights cascade from the stunning wooden beams whilst the fire pits exude subtle light and warmth creating a serene ambience.

The sides of the tipi's can be lifted, revealing impressive views of the gardens and creating an extended magical space. The tipis can accommodate up to 140 people for a sit down wedding breakfast or 240 people for an evening buffet. However you choose to use the tipi's, you can be assured that they will add a sparkle to your and your guests' experience.

Gazebo

Our delightful gazebo, situated in the centre of the gardens provide the most picturesque setting for your outside ceremony. With space alongside for up to 140 guests you really can create the wedding of your dreams. You and your guests can enjoy a romantic stroll around the 12 acre gardens and photographers love the exquisite backdrops capturing every moment so that you can cherish your day forever.

it is because of you.*
