## Our Story

Frame & Tailor was born out of our passion for creating truly beautiful events. Co-Founders Kate, Dave & Bob have worked in the temporary structure industry for over 25 years combined. We fell in love with Tipis and Sperry Tents and driven by the desire to share the love with others, we set up Frame & Tailor. We know what makes the perfect event, from the subtle glow of our lighting to using the most beautiful unique furnishings. The small details are what create the lasting memories that you and your guests will never forget. Kate, our Events Director has a wealth of experience in weddings and events with accolades including Head of Events for the largest luxury tent company in the UK. Extremely organised and dedicated, with a true passion for events, Kate really knows all there is to know about throwing the perfect party. Dave our Sales & Marketing Director has worked in the events industry for over 8 years, building relationships with clients, suppliers & the best wedding venues. Finally Bob our Operations Director has over 7 years of experience, building tents at some of the most prestigious venues, Bob has built more Sperry Tents than any other tent erector in the UK. The team collectively has worked alongside, ITV, Soho Farmhouse, Mercedes and Nike.

# Sperry

Beautifully hand crafted in Massachusetts by the Sperry family, we always knew Sperry tents were the must-have product for events across the UK. Having worked with Sperrys since 2015, the team at Frame & Tailor are confident in not only their beauty, warmth and elegance, but their ability to transform any space to enable the most perfect setting for your event.

The moment you step underneath the oyster-coloured canopy, you will fall in love with every aspect of the structure. The impeccable detail and glamour is unrivalled by any other product on the market which works hand in hand with our clients' weddings and events.

The Sperrys are available in a range of sizes so no matter what your guest numbers or useable space at your venue, the team will be happy to help discuss the perfect set up for you.
