How Can I Help?

I'm Nicky,

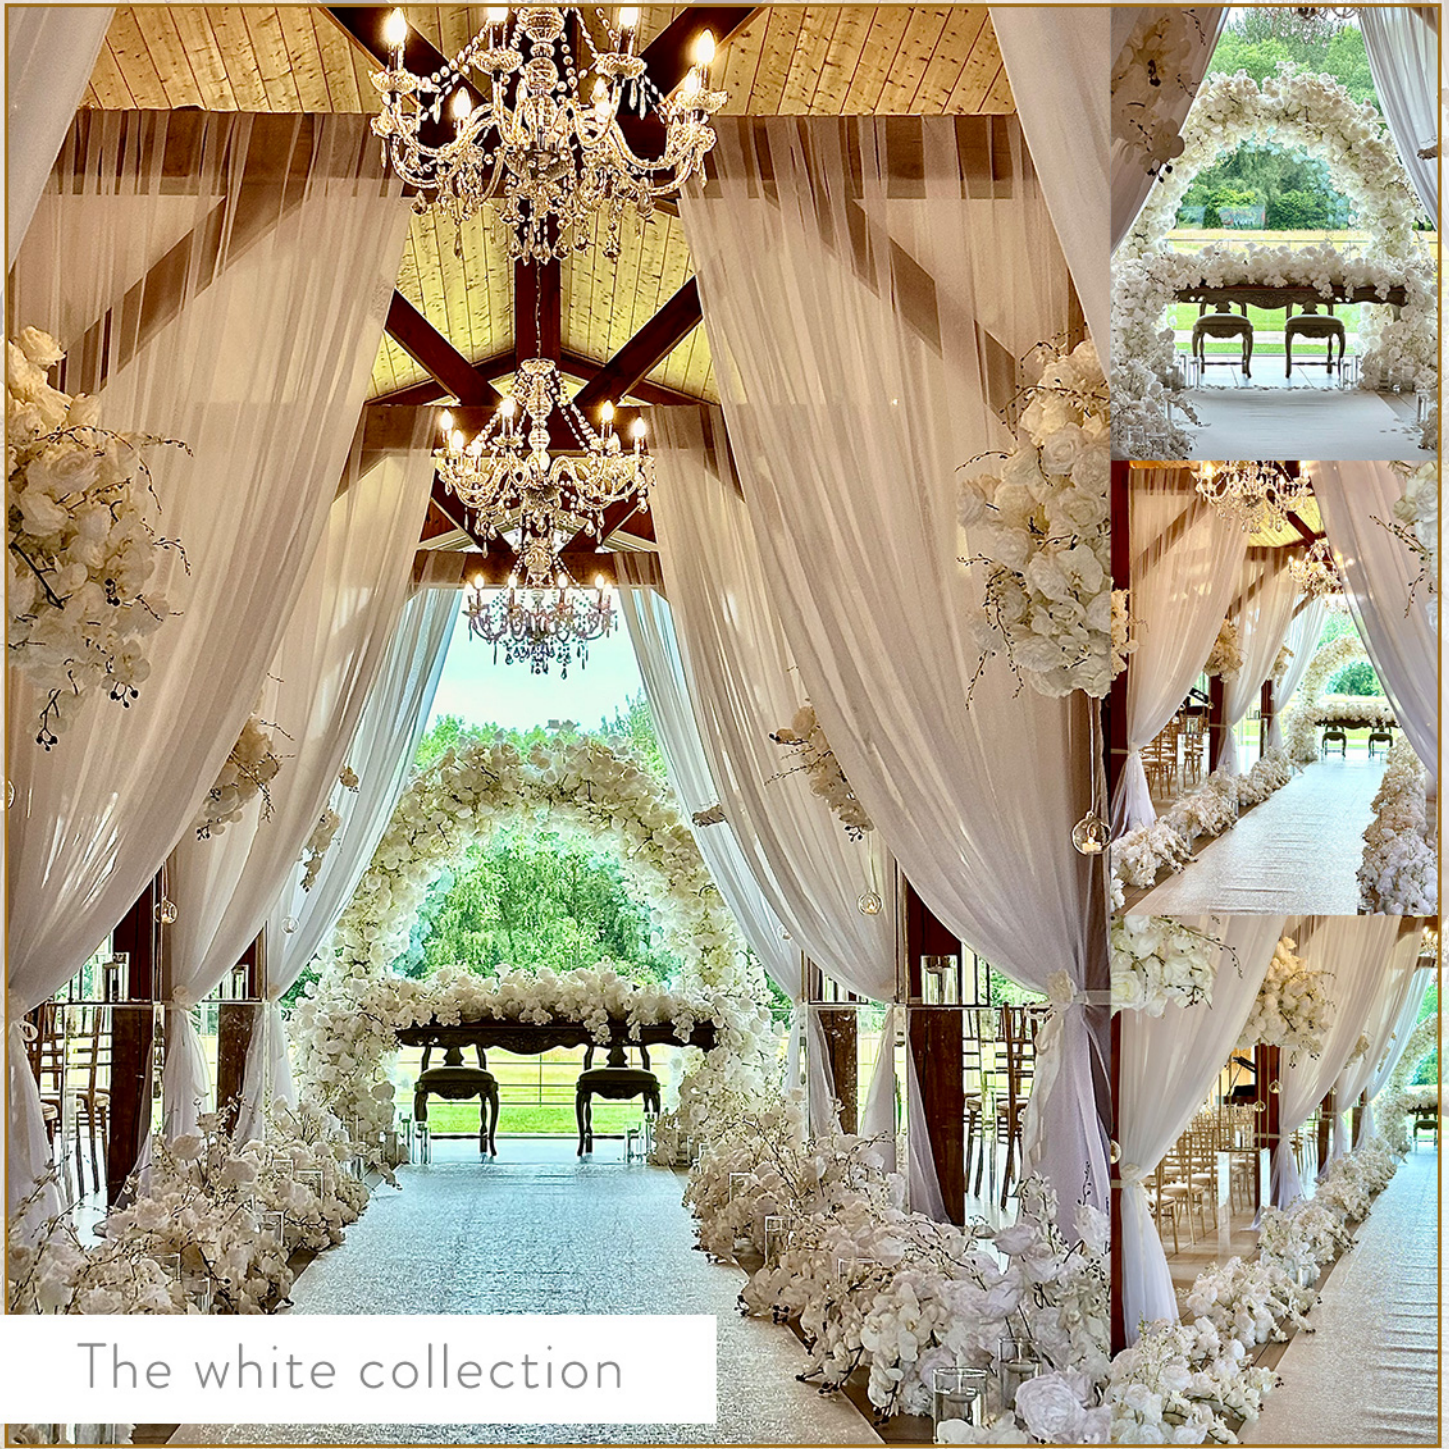

Founder of Elegant Event Designs and I specialise in spectacular wedding flower and displays - including arches, backdrops and table centrepieces.

My stunning displays and centrepieces are made from the highest quality silk flowers that ensure the most natural look.

Best of all, they're available on a rental basis - saving you money and keeping you within your Wedding budget.

I'm passionate about my customers, their personal style and your day is of the utmost importance to me. So, Lets chat and I'll run you through your options. Alternatively, contact me via our Instagram and Facebook and I'll be in touch at a time of your convenience.
